

MISSOURI REPUBLICANS.

State Committee Meets at St. Louis and Decides to Maintain Open Headquarters. Also Takes Action Upon Indorsements.

The Republican state committee held a very enthusiastic meeting at the Lindell Hotel in St. Louis Monday, all members except three being present and these were represented by proxy.

The most important action taken by the committee was in favor of the maintenance of open headquarters at the Lindell Hotel during the coming session of the Legislature, at the adjournment of which body another meeting of the committee will be held to determine whether "open house" shall be continued through the year.

Relative to the distribution of patronage, the following resolution was passed:

Resolved, That the indorsement of the chairman and secretary of the state committee shall depend largely upon the local organizations, and that the members of the state committee shall decline to indorse any applicant until the members of his own county committee shall have indorsed him first, and that he shall also have the indorsement of the members of the state committee from the district in which application is made.

Under this decision an applicant for appointment to a federal position must secure the indorsement of his county committee and the members of the state committee from his district before applying to the state chairman. With the first named indorsements secured, the chairman of the state committee will approve the application.

The work of the candidates, committees and county organizations in the recent campaign was complimented in nearly all of the discussions and speeches, and the committee formally recognized these organizations and individuals by the adoption of the following resolutions:

Resolved, That it is the sense of this committee that we hereby express our hearty appreciation of the gallant fight made by our candidate for governor, Honorable Joseph Flory, in the campaign that has just closed. His efforts for republican success in the state of Missouri merit the admiration of every republican in the state.

Resolved, That we further express our appreciation of the untiring efforts of all our candidates in their efforts to secure the success of the entire republican ticket.

Resolved, That we point with pride to the record made by our speakers on the stump in the recent campaign, and congratulate ourselves upon the fact that no state in the Union can present a stronger list of talent on the rostrum than the state of Missouri.

Resolved, That we further desire to express our appreciation of the work performed by the county organizations throughout the state and feel that the large gains in the state of Missouri are largely due to their untiring efforts.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Don't Want David Yet.

Those fellows who are trying to spring David Bennett Hill on us as the Democratic candidate for president in 1904, are a little bit previous to say the least. Let us recover from the fearful effect of the land slide before we begin to talk of a candidate for four years hence. He might die in the interim, and there would be trouble and confusion in selecting a successor. Give us a rest for a time, or until we catch a long breath.—Huntsville Herald.

For a Clerkship.

Sydney J. Wheeler, of Saline county, is mentioned for a clerkship in the next General Assembly. He aspires to be first assistant to the chief clerk. Syd has served in various capacities at the capitol and is experienced in legislative work. His extensive acquaintance throughout the state, together with the fact that Saline ought to have something some time, should make him a formidable candidate.—Miami News.

Small-Pox at Herndon.

We were informed by Mr. Monroe Keeth the first of the week that S. B. Piles, who runs a general merchandise store at Herndon, has the small-pox. Dr. Huff, his attending physician, diagnoses the case as such.—Sweet Springs Herald.
